Portfolio: [piyushmina.vercel.app](#)

## PROFESSIONAL SUMMARY

Frontend Engineer specializing in React.js, Next.js, TypeScript, and modern web development, with hands-on experience building production-oriented web applications. Skilled in responsive UI development, AI integration, authentication, performance optimization, and AI-powered features, with a focus on clean architecture, scalable applications, and reliable user experiences.

## TECHNICAL SKILLS

**Languages:** JavaScript, TypeScript, HTML5, CSS3

**Frontend:** React.js, Next.js, Tailwind CSS

**Backend & APIs:** Node.js, REST APIs, Authentication, Server-Side Development

**Databases:** SQL, PostgreSQL

**Engineering:** Data Structures & Algorithms, Problem Solving, Performance Optimization

**Tools:** Git, GitHub, Vercel, Supabase, AI Integration

## PROFESSIONAL EXPERIENCE

### Web Development Intern | Pedestal

Jun 2025 - Jul 2025

- Completed a 45-day Web Development internship program, contributing to practical web development work and delivering useful contributions to the company.

### React.js & Node.js Intern | Seldom India

May 2026 - Jul 2026

- Successfully completed an internship focused on ReactJS and NodeJS, applying modern frontend and backend development concepts in a real project environment.

## PROJECTS

### Bhai Ki Shop - AI Shopping Assistant Platform

[Live link](#) | [GitHub](#) | Next.js, React.js, AI Integration, Clerk, Stripe

- Built a full-stack shopping experience with an AI assistant that understands natural-language product requests and helps users discover products and compare prices.
- Implemented conversational order-status tracking and a custom commerce flow connecting product discovery, checkout, and order confirmation.

### CineNexus - Movie Discovery & Watchlist Platform

[Live link](#) | [GitHub](#) | React.js, JavaScript, TMDB API, Supabase

- Engineered a movie discovery platform using TMDB data for titles, ratings, cast details, trailers, and search across thousands of movies.
- Implemented Supabase authentication and database-backed watchlists for seamless cross-device user data synchronization.

### AI Resume Reviewer - AI-Powered Resume Analysis Platform

[Live link](#) | [GitHub](#) | React.js, JavaScript, AI Integration

- Developed an AI-driven resume analysis tool that evaluates resumes and returns structured feedback with actionable optimization suggestions.
- Designed a responsive interface for resume submission and clear presentation of multi-parameter analysis results.

## CERTIFICATIONS & ACHIEVEMENTS

- Web Development Internship Certificate - Pedestal | 45-day internship completed June 2025 - July 2025
- React.js & Node.js Internship Certificate - Seldom India | Internship completed May 2026 - July 2026

## EDUCATION

### B.Tech in Computer Science

Expected Graduation:  
2027

Bikaner Technical University (BTU), India

**Relevant focus:** Web Development, Data Structures & Algorithms, Database Systems, Software Engineering
