PROFESSIONAL SUMMARY

Full Stack Developer specializing in React.js, Next.js, TypeScript, and Node.js, with hands-on experience building production-oriented web applications. Skilled in system design, problem solving, API integration, authentication, database architecture, and AI-powered features, with a focus on scalable systems, clean architecture, and reliable user experiences.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, HTML, CSS

Frontend: React.js, Next.js, Tailwind CSS

Backend & APIs: Node.js, REST APIs Design, Authentication, Server-Side Development

Databases : SQL, PostgreSQL

Engineering: Data Structures & Algorithms, Problem Solving, System Design, System Scalability, Performance Optimization, Database Design

Tools: Git, GitHub, Vercel, Stripe, AI API Integration

PROFESSIONAL EXPERIENCE

Web Development Intern | Pedestal

Jun 2025 - Jul 2025

- Completed a 45-day Web Development internship program, contributing to practical web development work and delivering useful contributions to the company.

React.js & Node.js Intern | Seldom India

May 2026 - Jul 2026

- Successfully completed an internship focused on ReactJS and NodeJS, applying modern frontend and backend development concepts in a real project environment.

PROJECTS

Bhai Ki Shop - AI Shopping Assistant Platform

Live | GitHub | Next.js, React.js, AI Integration, Clerk, Stripe

- Built a full-stack shopping experience with an AI assistant that understands natural-language product requests and helps users discover products and compare prices.
- Implemented conversational order-status tracking and a custom commerce flow connecting product discovery, checkout, and order confirmation.

CineNexus - Movie Discovery & Watchlist Platform

Live | GitHub | React.js, JavaScript, TMDB API, Supabase

- Engineered a movie discovery platform using TMDB data for titles, ratings, cast details, trailers, and search across thousands of movies.
- Implemented Supabase authentication and database-backed watchlists for seamless cross-device user data synchronization.

AI Resume Reviewer - AI-Powered Resume Analysis Platform

Live | GitHub | React.js, JavaScript, AI Integration

- Developed an AI-driven resume analysis tool that evaluates resumes and returns structured feedback with actionable optimization suggestions.
- Designed a responsive interface for resume submission and clear presentation of multi-parameter analysis results.

CERTIFICATIONS & ACHIEVEMENTS

- Web Development Internship Certificate - Pedestal | 45-day internship completed June 2025 - July 2025
- React.js & Node.js Internship Certificate - Seldom India | Internship completed May 2026 - July 2026

EDUCATION

B.Tech in Computer Science

Expected Graduation:
2027

Bikaner Technical University (BTU), India

Relevant focus: Web Development, Data Structures & Algorithms, Database Systems, Software Engineering
